Sommelier Selection: The Virtues of Blending Grapes

The Oblix Sommelier Team dedicate special attention to a unique theme, wine region or grape variety.

Traditionally different grape varieties grew side-by-side in the vineyard as it served as insurance policy against Mother Nature's wrath. Today we have on one side some classic wine region, famous for their blends and on the other, winemakers who are experimenting with always new combinations. In both cases, like X-Men or the Fantastic Four, the combined qualities of a blended wine are stronger (a.k.a. more delicious) together than the flavours or aromas of any single grape variety.

Sine Qua Non Selection

Our selection contains a handful of the rare, sought after cult wines of Sine Qua Non.

No two vintages are the same; with not only a difference in production techniques and varietals but each vintage holding its own label and behind that its own story to share.

These are wines "born with pure passion and wishful dreaming".

Both Elaine and Manfred Krankl aim to create something that is so distinctive and unrealistically unique that for a wine lover it is an item that is impossible to be without: Sine Qua Non.
